

Official Powerdyne Model BD Supercharger and Kit Limited Warranty

Powerdyne Automotive Products Inc. Warrants your new Powerdyne model BD Supercharger and installation kit to be free of defects in workmanship and materials for a period of two years (24 months) from the date of purchase by the original end user. Repaired Superchargers are warranted for 6 months from the date of repair.

Prior factory authorization must be obtained to return any part for warranty inspection. Supercharger or kit parts authorized to be inspected for repair or replacement under warranty must be shipped freight prepaid to Powerdyne. Determination of actual warranty qualification rests solely with Powerdyne.

Superchargers will not qualify for warranty if the supercharger pulley has been removed or changed, or if the pulley warranty seal has been broken or tampered with and/or if the kit parts have been altered or improperly installed. Superchargers used for racing, amateur or professional, are specifically excluded from any warranty protection.

Authorized warranty is limited to repair or replacement only, with no refunds or credits allowed. Warranted Superchargers will continue to be protected under the original 2 year warranty or the 6 Mo. repair warranty, whichever is longer.

Supercharger or kit parts repaired under warranty will be returned to the owner with ground transportation charges prepaid by Powerdyne, within the continental US, or to the point of embarkation within the continental US, via UPS ground (or similar) service; owner will be responsible for any other changes in service requested or freight charges outside the continental US.

Superchargers or parts authorized to be returned and inspected which do not qualify for warranty, and are not repaired at the owners expense, will be subject to a \$100.00 (US) inspection fee and returned to the owner transportation charges collect.

Powerdyne makes no performance or merchantability warranties, neither offered or implied. Also, because Superchargers are high performance modifications designed to change the performance of engines for which they are designed, and because Powerdyne has no control over the adequacy and correctness of the installation and actual use, Powerdyne expressly disclaims any responsibility or liability for possible engine damage, or any consequential damages which may occur.

This limited warranty is the sole and exclusive warranty offered by Powerdyne Automotive Products Inc. No employee or agent may enlarge or modify its terms and/or conditions.

Warranty Procedure

Telephone Powerdyne Automotive Products at (661) 723-2800, during California business hours of 8 am to 3 PM, Monday through Friday, with the following information:

1. Serial number of the Supercharger.
2. Description of the problem.
3. Make, Model and Year of the vehicle.
4. Your name, shipping address (No PO boxes allowed) and your telephone numbers, both day and evening.
5. A copy of your original purchase invoice.

Upon receipt of the above, if warranty service is appropriate, a Powerdyne Return Authorization Number will be assigned. You should then send the Supercharger or other defective part, **with all of the above information** to:

Powerdyne Automotive Products Inc.
Attn: Repair Dept.
104-C East Avenue K-4
Lancaster, CA 93535

The return authorization number must be included on the package. **Freight collect shipments will be refused and returned to the sender at the senders expense.**
